Cougar Cyber Club C3

Wayne County Spotlight

- Team Facilitators: Brenda Elam-Coney, Colleen Graham, Heidi Barber, Robert Yancey, Tony Smith, Valerie Jernigan
- The students have toured the technology specialist facility and met the district techs. One of them came to campus to teach the students how to remove/replace keys on our Chromebooks.
- Students have also learned how to place work orders in the district BOSSDesk system. They have created team logos in Canva and Digital Footprint educational slide presentations for their peers.
- Team members are currently doing community event research to incorporate on the school's informational TV station and social media accounts.
- Finally, at the start of the second semester, WCPS rolled out their first "Cougar Cyber Club C3" with students from Goldsboro High School. With the help of NCBCCE, they applied for funding to support the resources needed to launch the club, and are discussing with a second high school in their county to model a similar program in the near future.

Important Reminders

- If you've been put in contact with an industry professional about speaking to your students in person, don't forget to follow up with them. They are excited to share their expertise, but need specifics to plan their visit.
 - Don't worry if you haven't heard anything, as there are several other companies interested in doing virtual speaking engagements, which would be open to all
- Be sure to visit our [NC Career Launch](#) website to view all of the tech certifications for your students.

Granville County Spotlight

- Team facilitators: Yvette Bryant, Ernie Conner, Sherry Ballentine, Tamara Rodennbaugh
- 11 Interns officially started on Monday, February 13th. They have completed their HR requirements, participated in the onboarding sessions and are ready to begin their journey.

Reminder:

Need help structuring a new program or maintaining an existing one?

Don't forget to meet with your coach!
