

# TECH TEAM NEWSLETTER:

## MARCH 2024

### March monthly drop-in meeting recap:

- Agenda
- Key takeaway: We heard from Jeanne Turner, the Work-Based Learning Consultant at the Department of Public Instruction on IT Youth Apprenticeships. We also learned valuable insights from Ernie Conner of Granville county around partnering with Fidelity Investments for the Adopt-a-Tech-Team initiative.
- View the recording here.

### *Announcements:*

April  
16th

*Monthly drop-in  
meeting  
2-3pm*

# GRANVILLE COUNTY STAR DEVICE SUPPORT AND REPAIR TEAM SPOTLIGHT

"The Granville County STAR Device Support and Repair Team had an opportunity to visit Fidelity Investments last week. Our team has been adopted by Fidelity Investments. Tom Lesser, Director, EI&O Techworks Field Services and Central Logistics for Fidelity provided a tour and information on their team and organization.

We spent two hours working hand in hand with two of their Tech team members to "Experience the day in the life of the Fidelity Investment Tech Team Member." It was an awesome experience for the two interns that participated.

We had lunch and spent that time debriefing and talking about next steps. Fidelity plans to visit our team at their schools to experience the day in the life of a student tech team member. We are also planning a virtual meeting with our Cyber Security Team and their team." -Ernest Conner

# WEST STOKES HIGH SCHOOL TECH TEAM SPOTLIGHT

“The WSHS Tech team has constructed a Film/Virtual Production room at West Stokes High School. It is now available for use by the school and community.

In the three weeks that it has been operational, they have collaborated with several classes on multiple projects that have involved filming, editing and applying special effects.

The Tech team is very excited about this addition and is looking forward to working with their school and community.” -Forrest Munden

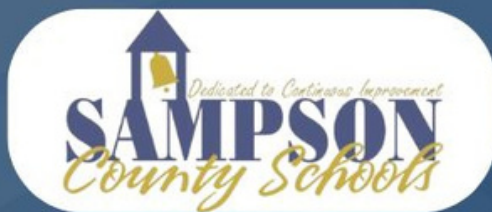

# TECH TEAM

## Spotlight

### MEET RIVER!

River is a senior at Hobpton High school. She is a hard worker and dedicated to her job on the Tech Team. River is planning on going to Western Carolina University to major in Computer Engineering! River says "The SCS Tech Team has helped me recognize my career goals and expectations for my future college and career experience. I encourage all that are interested in technology to consider SCS tech as an intern choice or part time option!"

# TECH TEAM

## Spotlight

Andy is a senior at Midway High School and has helped tremendously with our Tech Team! Andy is planning on going to Wake Tech in the Fall to finish his Associates Degree! Andy enjoys the Tech Team and says “I really enjoy fixing the computer and getting to work with computers and learning how to fix them has been really fun!”
